Authentic Girl

The preoccupations of young women - their looks, their clothes, their social life - don't seem to change much from generation to generation. but in every generation there seem to be a few who make other choices. When I first read that statement at age 17, it sparked a hunger within me to be among those "few" young women in my generation who embraced a life fully set-apart for Jesus Christ. If you desire a version of Christ-like femininity that is triumphant, beautiful, and world-altering - you've come to the right place! Authentic Girl is designed to encourage, equip, and inspire you to become one of the "few" in this generation who will follow the Lamb wherever He leads.

- Leslie

When we deliberately choose to obey God, He will tax the remotest star and the last grain of sand to assist us with all His almighty power.
