

Client Training Questionnaire:

Client: Peggy Noe

Training Session:

Was the training easy to understand?

Yes, we went slowly and I was able to ask questions when I wanted to.

I understand that we went over TONS of information and you are new to managing web content, that said, do you feel like you can now update and add basic content to your website?

I think I probably can update and add basic content, however it would be nice to do it under your supervision for the first time or two.

Were the instructions and terms easy to understand?

Yes.

On a scale of 1-10 How often did I use geek terminology – geek speak we call it (10 being “Way too geeky”) :

Not often at all, I would say 2.

Were all of your questions answered?

Yes and additionally I felt I learned a lot about my website. It was a very good experience.
