Brattleboro VT 05301
Attention: Scott Lawrence

Dear Scott,

Please accept this letter of support to Justin Adkins, a student enrolled in your BSMIS program. I have agreed to sponsor Justin's Capstone Project.

As the contact person charged with coordinating this project, I understand that Justin has the following expectations of me:

1. to clearly define my needs and goals for this project;
2. to assist the school in ensuring that this project meets all the criteria for a Capstone, including compliance with the timeline and inclusion of materials and strategies from every course in the student's program of study;
3. to review and offer feedback on the proposal that Justin prepares for this project;
4. to communicate clearly and frequently with Justin as the project progresses;
5. to contact Justin if my needs should change during this project;
7. to regard the work that Justin does on this project as an academic project first and foremost, privileging the learning experience over any other considerations that I may have.

I am looking forward to sponsoring Justin's Capstone Project. If you have any questions, please contact me.

Sincerely,

Peggy L. Noe
