As a member of the board of selectmen, I am committed to seeking community involvement during my 3 years in office.

The affordable housing trust is important for our community, especially the 11.8% of our residents who live under the poverty line. Once the trust is set up many questions will come to the selectmen about space and resources, I am committed to making Williamstown a hospitable place for low income, young and older residents.

I am also committed to supporting our local farms and businesses. This includes my wholehearted support of the 3 warrant articles to allow weddings, small concerts, and arts and yoga classes at our farms.

Once these articles pass at town meeting I am committed to working with farms and local residents to make sure that amplified sound permits are issued in a manner that everyone's interests are heard and respected.

Williamstown is a great place to live, work and shop. I want to make sure we continue to welcome new members and businesses to our community.
